These tours take you away from the comforts of home but will reward you with the experiences of a lifetime.

PHYSICAL LEVEL 4:

All our tours feature a physical rating to help you select the right holiday for you. To travel on any of our tours requires unaided mobility and the ability to stroll around the sights.

'Mongolia & the Naadam Festival' is rated as a **physical level 4** tour. A good level of fitness is required as you need to be comfortable walking for 2-3 hours and covering longer distances. As a whole, this itinerary requires a high level of fitness involving hiking and travelling to remote areas where tourist facilities are less developed.

You will be getting on and off coaches, walking around the sights and climbing some steps. Travelling in Mongolia is both rewarding and challenging because of the lack of basic infrastructure, such as roads or a transportation system. This tour covers a vast distance and reaching the sites involves travelling through areas of Mongolia which are barren, remote and without any modern facilities.

- There will be long periods of walking whilst sightseeing, often on steep or uneven ground.
- There are hiking opportunities in Khongoryn Els sand dunes, Gorkhi Terelj National Park and at Baga Gazriin Chuluu, these normally involve approximately 2 hours on foot. There will not be sealed paths or stairs built in these areas. You do not need to train or be fit for this itinerary, but you will need to be able to complete these activities independently.
- There are long days of driving on rough unsealed roads or tracks, a few days will involve driving for over 8 hours.
- Outside of Ulaanbaatar your accommodation will be in Ger Camps.

Of course, our National Escorts and local guides will always endeavour to provide the highest level of service and assistance; however, they cannot be expected to cater for customers who are unfit to complete the itinerary. If you require any more information about the pace of the tours, please contact our reservations team who will be happy to answer your questions.

JOINING YOUR TOUR:

The tour is 21 days in duration including international flights. Due to flight schedules, you may arrive/depart on Day 2. Travellers booked on 'Land Only' arrangements should make their own way to the starting point. Join the tour on Day 2 in Ulaanbaatar and end the tour on Day 20 in Ulaanbaatar. Please refer to your final itinerary for more specific meeting instructions pertaining to your departure.

It is our intention to adhere to the day-to-day itinerary as printed; however, the order of events or sightseeing may change as we look to improve our tours or as local conditions dictate. In these circumstances, we will make the best possible arrangements whilst maintaining the integrity of your trip.

MONGOLIA TRAVEL INFORMATION

VISAS:

New Zealand passport holders do not need a visa for Mongolia if they are travelling for less than 30 days for tourist purposes.

Please be advised that your passport must have at least six months validity left on it when you arrive back into New Zealand.

Please note the visa procedures and requirements may change at any time. These changes are often made by the relevant embassy or consulate; Wendy Wu Tours acts as a third party and has no influence on the process of a visa. Your travel consultant will inform you if any changes are applicable prior to your departure

INSURANCE:

We strongly recommend that you take out a policy as soon as you pay your deposit. Wendy Wu Tours cannot in any way be made liable for any additional cost incurred by the customer on any tour due to the customer not having adequate travel insurance.

We also encourage all customers to take a copy of their travel insurance documents (especially relevant international contact numbers) with them while on tour. We advise that you check the inclusions and procedures for lodging claims prior to your departure. These documents should be stored separately from the original

EATING IN MONGOLIA:

The combination of vast barren plains and nomadic lifestyle has created a unique culinary tradition in Mongolia, which you will have the opportunity to experience on your tour.

While staying in Ulaanbaatar, the breakfast will contain a mixture of local and western-style dishes, served buffet and set styles. During the Naadam Festival and most days of driving in the countryside, you will be provided with a 'picnic box' lunch. All other meals will be served in restaurants located in Ulaanbaatar or at the Ger camps.

Food in Mongolia tends to be simple, as they have limited ingredients, such as mutton (used in a variety of ways), beef, potato, cucumber, tomato, onion, carrot and sheep's milk. People on restricted or vegetarian diets can be catered for on a limited basis with foods such as noodles, rice and steamed vegetables.

Please Inform us of any allergies and/or special dietary Requirements at time of booking

GROUP SIZE:

The group size on our Go Beyond Tours is on average 10-15 passengers, with a maximum group size of 18. You may encounter other Wendy Wu tour groups while you are travelling.

On our group tours we operate a seat-and-a-half policy, allowing you to travel in greater comfort.

All our departures are guaranteed to operate with a minimum of 8 travellers booked (unless cancelled due to factors beyond our control). A national escort will accompany each group of 10 or more. However, at our discretion we may operate departures with a smaller group size as we try to operate advertised departures wherever it is viable to do so.

DEVELOPMENT IN MONGOLIA:

Although Mongolia is developing quickly, it still lacks the international standards of civil infrastructure and tourist facilities. Concepts of personal responsibility are also different to those in the New Zealand. Consequently, tourist and public facilities may not uphold the same safety standards as in the New Zealand; for example, you may see a hole in the road without a warning sign or safety barricade. All of our suppliers meet local safety standards as a minimum. We want you to have an enjoyable holiday, so we ask that you take extra care, use your common sense, refer to notices and follow advice from your National Escort or Local Guides.

Wendy Wu Tours and our partners in Mongolia use our local knowledge to design our itineraries to provide the best paced sightseeing possible. However, we ask that you keep in mind that public holidays, road construction and weather conditions can create traffic congestion or interfere with the itinerary set out here. Your National Escort will do their utmost to avoid problems but cannot guarantee against delays, changes or – in rare cases – cancellations of sections of your itinerary.

Mongolia continues to amaze, fascinate and thrill our customers, many of whom have travelled to more and more areas of this wonderful region with us, year after year. We urge you to keep in mind all the rewards, as well as the challenges, of travelling in a developing country. Almost everything will be different to what you may be used to. A typical day of sightseeing may include breathtaking views, long hours of driving, the hospitality of the traditional nomadic Ger and a more basic level of accommodation. Travelling in Mongolia requires patience, a sense of humour and an adventurous attitude towards exploring a country that is unspoilt, remote and endlessly fascinating.

There is a low level of English spoken throughout Mongolia so the Local Guides or National Escort will be indispensable during your trip.

ACCOMMODATION:

Your accommodation has been selected for convenience of location, comfort or character. In remote areas, accommodation may be of a lower standard and may not have western amenities.

Hotels are generally rated as local three to four-star standard but do please note that there is no international classification system for hotels and differences in facilities and quality do exist between the New Zealand and Mongolia. If you experience any difficulty, please speak to your National Guide.

The group tour hotel in Ulaanbaatar has private western bathroom facilities, air conditioning, TV and a telephone. Plumbing and electricity supplies can be erratic and quite often the power in hotel rooms is turned off while guests are out of the room.

Hotels - Check-out time in Mongolia is 12:00. Please keep this in mind on the days when you are travelling between cities as it may result in a delay of access to your room or a change of itinerary to allow for this delay. Our office in Mongolia will inform the hotels of your expected arrival time, but occasional delays due to last night's guests checking out at midday are beyond our control.

Ger camps - Gers are the traditional home of nomads across Mongolia. They are made from a wooden frame and layers of felt and canvas erected on a wooden platform. The interior is filled with warm fabrics and fur as well as ornate wooden furniture. Ideally suited to Mongolia's nomadic way of life and harsh weather, the Ger has been the most popular dwelling for hundreds of years. Gers are also known by the Russian name 'yurt'. Each Ger will consist of two or three single wooden beds, linen, and a stove for heating purposes, a thick blanket, one electrical socket and a low bearing table and chairs.

Most of the camps will be equipped with an electricity connection and is typically available between 7-11pm. All Gers will also have electricity as well as electrical outlets. Please note, the electric outlets for your Ger in Hongor will be located within the communal area

Please note that your accommodation at the ger camps is in traditional gers, with shared facilities.

The supply of electricity is limited, as is the supply of hot water. Showers are available, however the camp may have enough power to heat water for five or six people only, so the members of your group should keep this in mind and plan ahead for showers. It is recommended to advise staff at least an hour before you intend to shower as hot water will need to be boiled for you.

Cafes and communal areas are also located within the campgrounds. Most of the Ger camps we use will also have a laundry service available, at a small additional cost. Staying in a Ger will allow you to experience the most unique and intrinsic aspect of the nomadic life in Mongolia. Although they are not luxurious, they do offer comfortable accommodation while we travel through the most remote regions of the country.

PORTERAGE:

Please be aware that portorage is not included on our tours. You will therefore need to be able to handle your own luggage within the hotel and when using transportation like trains and coaches.

LUGGAGE:

All travellers are limited to two items of luggage each: a suitcase with a maximum weight of 20kg and one piece of hand luggage with a maximum weight of 5 kg. It is essential that your luggage is lockable.

Please note that the authorities will only allow bottles onto the aircraft if they have been checked in as main baggage. Bottles in hand luggage may be confiscated

PERSONAL EXPENSES AND OPTIONAL TOURINGS:

Personal Expense - You will need to take some extra money to cover drinks, laundry and souvenirs, plus any additional sightseeing that may be offered to you.

Optional Tours - May be offered in each city you visit during your tour. These are not included in the standard itinerary and will only be available if time permits and if seats are available.

Please ensure you have additional funds available if you feel you may wish to participate in any extra activities. Each option will be arranged locally by your National Escort/Local Guide, participation and tipping for optional excursions is completely at your discretion.

EXCHANGING CASH:

It is highly recommended that extra care and attention is paid when exchanging money when travelling to cities outside of Ulaanbaatar. US Dollars are easily exchanged throughout Mongolia and other currencies such as New Zealand Dollars can generally be exchanged in hotels and airports provided notes are undamaged. Credit cards are also accepted.

We suggest exchanging your money before travelling to remote areas and smaller towns, as exchange facilities can be limited.

Your National Escort will remind you to do this before departure

TIPPING POLICY:

Tipping while on holiday is common in most parts of the world and India is no exception. However, it is not always clear who it is appropriate to tip and how much. Furthermore, travellers may not have the right amount of cash available at the right time.

In order to avoid any inconvenience Wendy Wu Tours operates a tipping policy where a stated amount is given to your national escort at the beginning of your tour and tips are disbursed amongst your main service providers (for example local guides and drivers) throughout your tour. The amount is designed to be at a reasonable level for travellers while being fair to the local people and includes a gratuity for the national escort. Any other tipping, such as tips for bathroom attendants or hotel porters that are taking luggage to your room, is at your discretion based on satisfaction of services received, as are gratuities for additional requested special services.

We generally find that most customers appreciate the convenience of our tipping policy, but we do recognize that it may not suit everyone. However, as this is a group tour we ask that everyone follows the same protocol to be fair to other group members and to ensure smooth operation of your tour.

TRANSPORT:

There is more than 20,000km of road stretching across Mongolia. Only 1,600km of this distance is paved. In the countryside, you will be travelling across many different surfaces, from gravel highways to wide, open plains where the route is marked out by poles. The roads can be rough, and a level of discomfort can be expected.

In Ulaanbaatar, we use modern, air-conditioned coaches. Everywhere else we use sturdy 4WD vehicles, which best suit this terrain. Each 4WD vehicle will hold three passengers per vehicle and the National Guide will rotate from each vehicle to become the fourth passenger. They will drive in convoy and endeavour to stay within sight of each other throughout the day. Seatbelts are not compulsory by law in Mongolia and local people largely choose not to wear them. Wendy Wu Tours will ensure that the 4WD vehicles are fitted with seatbelts. Drivers often use seat covers to make their vehicles more presentable. If they obstruct your access to seatbelts, please request that they be adjusted or removed. It is recommended that where seat belts are available customers must use them and remain seated at all times whilst the vehicle is moving. Please see your National Guide if you have any concerns.

VACCINATIONS AND YOUR HEALTH:

We recommend that you contact either your doctor or Health centre for advice on vaccinations and travel health. Safetravel has a comprehensive website that you may also find useful www.safetravel.govt.nz

BEFORE YOU LEAVE:

We strongly recommend registering your travel plans with www.safetravel.govt.nz as in the event of an emergency, New Zealand Consular assistance will be more readily available.

Up until the day you travel, it is vital you keep up to date and familiarised with the entry requirements as these can change at short notice. You are personally responsible for completing any entry forms, conducting any covid tests (if necessary), etc and adhering to countries' specific entry requirements.

You can also access the New Zealand Government's travel advisory service for up-to-date information about your destination on the same website.

AFTER YOUR BOOKING:

Once you have booked with Wendy Wu Tours, you will receive a confirmation invoice including a visa application form (if applicable), and a help sheet. Your final documentation pack will be sent to you approximately 2-3 weeks prior to departure.
